İhsan Yener and F Keyboard

As a teacher;

- In **1946**, he started to find opportunities to make a standard and most efficient keyboard (typewriter layout) in Turkey.
- In **1948**, he started to organise Turkish Typewriting Championships all around the country.
- **1946 – 1955**, he invented new and more efficient methods to Turkish stenography by adopting from French and English systems.

İhsan Yener and F Keyboard

- **In 1954**, he founded **‘Typewriting and Secretary Courses’** to establish completely office training with typewriting, stenography, secretary and accounting.
- **In 1955**, he invented a new keyboard layout as the most efficient for Turkish language by approval of Ministry of Education, after 10-year scientific research and tests.
- It was also registered as the **‘Standard Turkish Layout’** by Turkish Standardization Institute

- In **1957**, as first time he attended to the **Intersteno Congress** in Milano and to the typewriting competitions with his students.
- In **1965**, his student (Ece Özbayrak) became the **World Champion (Record)** in typewriting first time ever.
- Regarding to this great success, he registered the name of his course center as '**Şampiyon Typewriting and Secretary Courses**' (Champion)

ŞAMPIYON

F Keyboard,

was invented based on phonetic features of Turkish language (order of 1 vowel – 1 consonant) and by the principle of ‘most frequented letters placed on much used fingers’.

Standard Turkish Keyboard (F Keyboard)

| | | | | | | | | | | | | |
|----------------|---------------------|---------------------|----------|-----------|----------|----------|----------|----------|----------|----------|----------|-----------------------|
| + * _ | ! 1 ¹ | " 2 ² | ^ 3 # | \$ 4 ¼ | % 5 ½ | & 6 ¾ | ' 7 { | (8 [|) 9] | = 0 } | ? / \ | - ÷ ← Backspace |

BALANCED DISTRIBUTION REGARDING TO FINGER ABILITIES

‘At least 50% of the success secret of all Turkish competitors is **F Keyboard.**’

İhsan Yener

F Keyboard is the **most scientific and efficient keyboard layout** to its own language in the world

In 2017, it’s been proved again with updates in daily language, as the result of research:

‘Investigation of the Sounds and Letters in Turkish from the point of primary education’,

Prof. Dr. Firdevs Güneş, Ankara University

Şampiyon Typewriting Course

InterstenoTürk
Uluslararası Bilgi İşlem ve İletişim Federasyonu
Türk Grubu Başkanlığı
www.interstenoturk.org
